Private transfer to Magura village, a picturesque location with wide views over the wonderful mountain landscapes. Dinner and overnight in a charming guesthouse. (D).

Day 2 - Zarnesti Gorges

Our walk starts with a warm-up descent followed by a nice steady climb through woodland trails that are mysterious and rich in birdsong. We will reach spots where we can take in the views of the ridge of Piatra Craiului ("Rock of the King"). We will head to Curmatura traditional Romanian mountain-hut, where we will have a tasty lunch. On our descent we will cross the fascinating Zarnesti gorges - Jurassic canyon dug by waters - nowadays exhibiting spectacular 200m high vertical walls. Accommodation in the same place as day the before (around 6h, 18km, +900m, -900m). (B, L, D)

Day 3 - Bran Castle

We say goodbye to Piatra Craiului to meet the Bucegi mountains. Today we will walk on a small ridge going down to Bran

castle. This castle was built in the 14th century and had a role of defence against the migratory people. Later it protected Transylvania from the Ottoman invasions. The castle was also associated with the fictional character of Dracula, who was based on the prince Vlad Tepes of Wallachia. End of the trip in Bran. Transfer to Moieciu de Sus. (around 4.5h, 14km, +300m, -600m). (B, L, D).

Day 4 - The Bucegi Mountains

From the guesthouse, you will be taken by horse-cart to the entrance of the Bucegi National Park, where the hiking route starts. Our walk begins with a nice slow steady climb towards the ridge. Before leaving the forest, we can choose to do either a shorter or a longer hike. The longer one brings us to the top of the ridge, overlooking impressive landscapes and clear view of the Strunga Wall, reaching the pass of Strunga at 2000m of altitude and passing by a mountain shelter on the former Transylvanian – Wallachian border. Going down, we will arrive at Poiana Gutanu Meadows. This is our thoughtfully chosen beautiful picnic spot for both hiking routes.

Going back to the village, we will be passing many Sherpa Huts along the way, where we will have spectacular views of the Bucegi Mountains and the Valley of Bangaleasa below. There will be plenty of time to take photos here and admire the scenery.

EQUIPMENT TO TAKE

Mandatory equipment

- Waterproof tracksuits (breathable Goretex type jacket and possibly trousers)
 - Warm fleece jacket
 - High walking shoes (preferably already worn)
 - Backpack for day hiking (20-35l)
 - Water bottle (allow at least 1,5l of water at the beginning of the day)
 - Hiking poles
- Walking Boots Should be sturdy and of good quality to handle all types of terrain. Ankle support is important. Leather, with a

good durable sole, is

the most suitable or, for people who prefer a more lightweight boot, Cordura/leather boots which have Gore-Tex or sympatex waterproofing. They should be well broken in and be of correct fit. Proof your boots before you leave home. Waxing your boots regularly prolongs their life.

- Lightweight walking shoes/sneakers For wear around towns & villages. They can also be a backup pair for your walk.
- Socks & Underwear Take only good quality socks with wicking and insulating qualities. Road test them before you go on the trip to be sure they are comfortable with your boots. Take a suitable quantity of underwear (washing facilities are limited).
- Several Shirts and Walking Trousers T-shirts preferably with collar and at least 1 long-sleeved shirt for sun protection. If you sweat a lot it is a good idea to purchase at least one t-shirt in a breathable material. These are fast drying, keep moisture away from your skin and are available from outdoor stores. The quick-drying loose-fitting trousers are popular. You should bring one pair of the loose-fitting type trousers to wear in cities and for evenings etc. Shorts for warmer weather.
- Warm jacket Fleece Polartec or warm wool shirt for evenings. This will be worn a great deal; be sure it is totally suitable for your needs. A fleece jacket which blocks the wind (Windstopper) is the most preferable.
- Waterproof Jacket & Pants Must be waterproof, not shower proof, Gore-Tex is best. It must fit comfortably whilst wearing warm clothing and wearing your rucksack. It must have a proper hood, zipper flap and storm cuffs and come down over hips. Pants should have a zip on the side of the leg to make it easier to get them on quickly over boots.

Optional equipment

- Cutlery and pans for picnics
- Lamp (frontal preferably - some guesthouses don't have head lamps)
- Toilet paper or tissues for the day
- Solar cream
- Sun glasses
- Personal pharmacy
- Your favourite snacks or energy bars
